We have high standards and we believe you should too. CIAT has proudly earned accreditation from the Accrediting Council for Continuing Education & Training (ACCET) listed by the U.S. Department of Education as a nationally recognized accrediting agency.

Your First Step Towards a New Career

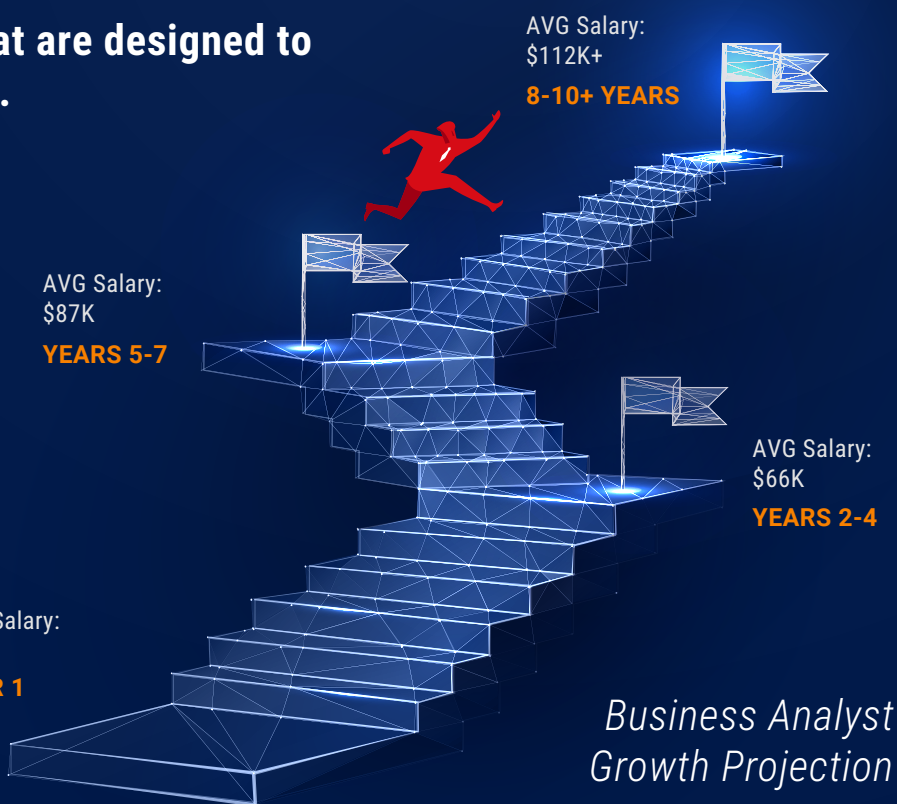

Our 2 + 2 Associate to Bachelor degree path gives you key milestones to transition into the workforce early, while completing your degree. Gain exposure to tools, languages, and database platforms used by data analysts in the IT field in your lower division Associate level courses and deep dive into advanced topics with your upper division Bachelor level courses. Our Career Services team will support you with personalized career coaching, resume building, and job placement assistance, so you can learn how to present your skills effectively to employers and break into the field. Industry certifications from CompTIA, Microsoft, and Tableau will help validate your skills to employers and help you stay one step ahead of your competition.

Software Development degrees that are designed to help you succeed in the workforce.

This scenario gives you a snapshot of what a career in data analytics could look like. From your first class, through graduation and beyond, CIAT is with you every step of the way.

**Other related job titles may include Data Analyst, Data Visualization Analyst, Data Analytics Consultant, and more.*
